All Were Saved.

"For years I suffered such untold misery from Bronchitis," writes J. H. Johnston, of Broughton, Ca., "that often I was unable to work. Then, when everything else failed, I was wholly cured by Dr. King's New Discovery for Consumption. My wife suffered intensely from Asthma, till it cured her, and all our experience goes to show it is the best Croup medicine in the world." A trial will convince you it's unrivaled for Throat and Lung diseases. Guaranteed bottles 50c and \$1. Trial bottle free at Clay City Lbr. & Stave Co.

Bought a Business.

Elder W. E. Clemons, a former merchant of Miller's Creek, and an old friend to the editor of this paper, has purchased a grocery store at Nicholasville. He has sold his Jessamine county farm which he purchased last fall.

Look Pleasant Please.

Photographer C. C. Hurlan, of Eaton, O., can do so now, though for years he couldn't because he suffered untold agony from the worst form of indigestion. All physicians and medicines failed to help him till he tried Electric Bitters, which worked such wonders for him that he declares they are a godsend to sufferers from dyspepsia and stomach troubles. Unrivaled for diseases of the Stomach, Liver and Kidneys, they build up and give new life to the whole system. Try them. Only 50c. Guaranteed by Clay City Lbr. & Stave Co.

The Times for the news.

Work Progressing on L. & A.

Mr. Wheeler, who is in charge of the tracklayers on the Louisville & Atlantic, was here a few days ago. He says he now has the way cleared for his gang and nothing but bad weather can delay his work. There is but one trestle to build, and Mr. Bryant, who is in charge of that part of the work says it will be ready for the iron when the trackmen reach it. A large force of men are behind Mr. Wheeler's gang, and are surfacing the tract, so that when the iron is all down, the road will be in condition for traffic. Those of the railroad men who ought to know, say that regular trains will be running from here to Richmond and Versailles by the 15th of September. The yards and Y are both graded at the foot of Gonrley Heights, and are ready for track.—Beattyville News.

Wilbur Smith's College, Lexington.

Write to Prof. W. R. Smith, for 25 years President of the Commercial College of Kentucky University, for particulars of unequalled inducements for young men to pursue its Business, Shorthand, Type-writing, Telegraphic Courses. This College is responsible and influential in securing situations for its students. See advertisement. Address only W. R. Smith, Lexington, Ky.

It is enough to make old Spain laugh in her sleeves every time she thinks about how nicely she shoved her Philippine troubles off on Uncle Sam's shoulders, but his shoulders are little stronger than Spain's.

Good Roads.

The Lexington Democrat, in speaking of the Good Roads convention which met in Lexington the first of the week says: "The building of good roads is a matter of import to every citizen and an interest in the pioneer work now being done by the zealous advocates of such roads is worthy of our most substantial encouragement and enthusiastic support. Kentucky, as it stands today is a veritable gem of all creation. Nature was more bountiful in its gifts to this garden spot we call Kentucky than to any other special territory in all this western hemisphere. Other sections may boast of this thing and that but old Kentucky can boast of more good things than any two states combined. That our system of turnpikes was not perfect, we all know. We believe that an era of good roads is coming and that these men who are meeting in this, the most favored city in all Kentucky are blazing the way for an improvement in our roads which will add greater renown to our commonwealth than the triumph of a great racer, the surpassing eloquence of an orator, the beauty of our women or the mellowness of 'the spirit' that the poet says sometimes steals away a man's brains. The good roads people are sincere; they mean business. Kentucky has every thing else that is best and it should have the best roads.

Right You Are Once

A strong Republican newspaper which seldom gets anything right, hits the nail squarely on the head once and voices our sentiment exactly when it says: "This paper would rather trust a man who wears pants with patches on the knees as big as your hand than a dude who shines out in fine clothes, parts his hair in the middle and wears a collar so high that he has to get on a stump to spit.

Will Not Be a Candidate.

Mr. Henry Waterson, the able editor of the Courier Journal, whose name has frequently been mentioned as possible candidate for Governor, says in the light of recent developments, he will not make the race. He says he will continue to be a free man, a Kentuckian and a Democrat.

Beginning Friday, sixteen new rural delivery routes will begin operation in Jefferson county. These, together with the four routes now in operation, will make a total of twenty rural free delivery routes, and will thoroughly cover the county.

The official canvass of the vote in the Eleventh district Republican primary gives Boreing 14,352 votes; Colson, 6,834, and Parker, 4,513. Boreing's majority over both opponents is 3,005.

An explosion of chemicals in a cellar under a drug store in Princeton caused the death of one man, and the destruction by fire of property valued at \$75,000.

Jellico, Ky., suffered a loss of from \$15,000 to \$25,000 by fire Tuesday night. No insurance.

A Fire in Town.

Last night shortly after the lights went out, a blaze was discovered in the roof of the boiler house at the planing mill. The fire was extinguished with but little damage.

Down With Flux.

Miss Nannie Burton and two of her brother John Burton's children are all down with a severe attack of flux at the Burton home on Hardwick's creek.

Shatters All Records.

Twice in hospital, F. A. Gullledge, Verbena, Ala., paid a vast sum to doctors to cure a severe case of piles, causing 24 tumors. When all failed, Bucklen's Arnica Salve soon cured him. Subdues Inflammation, conquers Aches, kills Pains. Best salve in the world. 25c at Clay City Lbr. & Stave Co.

Berea Bill's Ambition.

The chief aim and occupation of that grand old Democrat, Judge "Berea Bill" Beckner during the past five or six years, have been the acquisition of a Republican nomination for Congress in the Tenth district, and here's hoping that the empty honor will be knocked down to him as the highest bidder at the Winchester auction next Thursday.—Louisville Times.

Wrong you are, Mr. Times, six years ago Mr. Beckner was running for the Democratic nomination, and it seems that it took him a little longer than usual to turn over, because nothing was heard from him after he was defeated for two years, when he sought the nomination for Congress at the hands of the Republicans.

W. R. Smith's College, Lexington, is where hundreds of clerks, farmer boys and others have invested \$60 to \$90 for tuition and board for an education and are now getting \$1,000 and over a year. Read and keep this notice for reference. Remember that in order your letters may reach this college, address only Wilbur R. Smith Lexington, Ky.

Prof. R. S. Eubank has been employed to teach the public school of Stanford. They are building a new house to cost sixteen thousand dollars, and school will begin as soon as it is finished. His salary will be one thousand dollars for a nine months term, or at that rate for the time taught.—Winchester Democrat.

For Lieutenant Governor.

The Hon. Abram Renick, of Clark county, and the present Representative from his county, is being spoken of as a candidate for Lieutenant Governor. Mr. Renick has been twice elected to the Legislature, and was a leader in that body.

The Balance Wheel

Look inside your watch a moment. The balance wheel is making 18,000 vibrations an hour, if it's in good condition. If the movement is sluggish, there's something wrong. It will move 3,558 miles in a year, and requires less than one-tenth of a drop of oil to make it run. But it needs that little badly. The least degree of friction on the bearings alters the motion. Don't take chances. Let me clean and oil and put your watch in order for a year. It will pay and satisfy you.

ANNOUNCEMENTS.

CIRCUIT CLERK.

We are authorized to announce Mr. W. T. STRINGER, of Clay City, as a candidate for the office of Circuit Clerk of Powell County, subject to the action of the Democratic party.

We are authorized to announce Mr. Morgan R. LYLE, candidate for Circuit Clerk of Powell County, subject to the action of the Democratic primary to be held Dec. 8, 1902.

One of the workings of the present tariff that is not perhaps understood by the American consumer is the rebate that is allowed our manufacturers for goods exported. A contemporary explains it: An American wool manufacturer must pay an exorbitant duty on wool. Of course, he adds to his price of carpets and cloth and the American consumer pays it. But if the manufacturer exports his carpets and cloth the government refunds to him the duty that he has paid on the wool that goes into those goods. Thus the tariff actually discriminates in the case of foreign purchasers against our own people.

County conventions were held in the Tenth Congressional district Saturday by the Republicans to elect delegates to the district convention at Winchester, Aug. 14, to nominate a candidate for Congress. The instructions are scattering. Of the counties reported Morgan and Powell instructed for Judge W. M. Beckner, Estill for James A. Wallace, Lee for J. G. White, and the remainder are uninstructed.

The counties in the district and the vote to which they are entitled in the nominating convention are as follows: Breathitt 8, Clark 19, Elliott 6, Estill 13, Floyd 12, Johnson 19, Knott 4, Lee 8, Magoffin 13, Martin 8, Menifee 5, Montgomery 15, Morgan 11, Pike 23, Powell 7, Wolfe 7.

Selecting the Sites.

The work of locating the two new locks and dams above Louisa, one in each fork of the Big Sandy river has begun. The next step will be the purchase of enough land on each side of the river for the uses of the Government in the building and operating the locks and dams. This work is under the recent appropriation secured by Congressman White. The wages of laborers have been increased from sixteen cents an hour, on Big Sandy work, and from seventeen to eighteen cents on the Ohio river.

The total value of last year's crop of tobacco in the State of Kentucky amounted to upwards of eighteen and one-half millions of dollars.

SPOUTSPRING.

W. J. Christopher, Jr. has gone to Ford on business.

W. G. Patrick was in Irvine Wednesday on business.

Frank Barnett and Shelt McKinney were among the visitors to the Lexington fair this week.

Mr. and Mrs. Jackson Stephens are visiting their daughter, Mrs. George Gravett near Winchester.

Geo. W. Lewis, of Thomson, has the TIMES sent his Aunt Minerva Griggs, of Garden City, Kansas.

Green Blanton and family, of Fox, visited the family of Albert H. McIntosh the latter part of last week.

The school at this place has been adjourned for this week. The teacher is attending the Teachers' Institute at Irvine.

Andy Hampton, of Indian Fields, passed through town yesterday enroute to the upper portion of Estill buying sheep and cattle.

Dr. B. Littlepage was over the latter part of last week looking over his telephone line which has been put in first class repair. The boxes on the line have been supplied with new batteries.

Several attended preaching at Powell's Valley Sunday in anticipation of witnessing a marriage that failed to materialize. Strange such false reports can gain credence with any one.

Chas. Ens on has moved his saw mill from Hardwick's creek to the McKinney-Clark boundary of timber near this place, and will saw up all the pine and oak timber.

There will be no preaching at the Methodist church Sunday, the regular meeting day. Pastor Pence will be engaged in work elsewhere. He advises us that there will be no omission of services after this month but that preaching will be had regularly on the third Sunday.

A custom that is frequently indulged in by most gardeners is to sprinkle paris green on cabbage to kill the worms. These people should learn that paris green will kill people also. One family at Harrodsburg came near losing their lives by eating cabbage that had had this deadly poison sprinkled on them to kill the worms.

Coughed up a Pebble.

Saturday while Mr. T. S. Marimon was talking to some friends in the land stand he coughed up a pebble about as large as a medium-sized marble. For some months his throat had troubled him and he has had an almost constant hacking cough, but the removal of the pebble has relieved him of both. He hasn't the remotest idea of how the stone got into his larynx.—Harrodsburg Herald.

J. W. Henry respectfully announces to the public that he is able to be at his gallery in Clay City and will be glad to see any one wanting photographs. I have not been at the gallery regular for three months, but the warm weather has drawn the rheumatism away for a time. Come and have your pictures made. I will do you good, honest work, and my prices are as low as can be, quality of work considered.

Special attention will be given to all pictures left in my care to be copied and enlarged. Come at once. J. W. HENRY.

Deafness Cannot Be Cured

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rambling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hull's Catarrh Cure. Send for circulars, free.

HEAD NOISES CEASE IMMEDIATELY.

F. A. WERMAN, OF BALTIMORE, SAYS:

Gentlemen:—Being entirely cured of deafness, thanks to your treatment, I will now give you a full history of my case, to be used at your discretion. About five years ago my right ear began to ring, and this kept on getting worse, until I lost my hearing in this ear entirely. I underwent a treatment for catarrh, for three months, without any success, consulted a number of physicians, among others, the most eminent ear specialist of this city, who told me that only an operation could help me, and even that only temporarily, that the head noises would then cease, but the hearing in the affected ear would be lost forever. I then saw your advertisement accidentally in a New York paper, and ordered your treatment. After I had used it only a few days according to your directions, the noises ceased, and to-day, after five weeks, my hearing in the diseased ear has been entirely restored. I thank you heartily and beg to remain Very truly yours,

LOCAL BREVITIES.

The L. & E. pay car rolled up the road Monday.

Born, to the wife of John Westcott a fine son on the 8th inst.

Judge W. T. Webb made a business trip to Lexington Tuesday.

Born, to the wife of Mat Oldham on the 7th inst., a fine girl.

Weed Ewin and family of La Monte, Mo., are visiting their relatives in this county.

Miss Mary Fitch, of Ashland, who has been the guest of her brother for the past few weeks returned home Monday.

Sam Blythe, of Higbee, Missouri is visiting friends in his old home. Mr. Blythe left this State twenty-two years ago.

Owing to the church house undergoing the finishing work, the Sunday School at the Christian church has suspended until the house is completed.

H. M. Witt, of Levee, was in town Tuesday, and, while here, gave us a short call and had the TIMES sent to his brother, J. W. Witt at 3117 Bell St., Kansas City, Mo.

Wm. Townsend, of this place had a dwelling house burned at Bowen Tuesday night. The house was occupied by Polly Jones and the burning is supposed to be the work of fire bugs.

The protracted meeting at Macedonia is progressing nicely under the preaching of Elders Shearer, the pastor, and Bush, of Georgetown. There has been several accessions to the church.

The Annual Conference of the M. E. Church South will be held at London, Ky., beginning September 3. Pastor J. H. Pence and W. G. Patrick, of Spoutspring, will represent this circuit.

Geo. W. Lyle, Jr., of Furnace, brought to town on Monday a freak of nature. It was a full grown rooster with three well developed legs and feet. It has been viewed by numbers.

Dr. E. A. Wolfe, of Denison, Ohio, and Elmer Bunne, of Tuscarawas, Ohio, former directors of the Licking Valley Oil Company, were here Monday looking after oil interests.

Clarence Tolen, of St. Joseph, Mo., who has been visiting relatives in this county started for home Monday morning. His niece Miss Dora Patton returned with him for an extended visit to that State.

Mrs. Sylvia Russell, has been employed to teach a select school at Bowen for a term of nine months at a salary of \$60. per month. Mrs. Russell has previously taught three schools at Bowen, giving universal satisfaction.

While visiting some other little colored folks at Bowen the little 12-year-old son of Charley Cooper was shot and instantly killed by one of about his age with an unloaded (?) shot gun. The remainders were brought here on Sunday for burial.

The best physic—Chamberlain's Stomach and Liver Tablets. Easy to take. Pleasant in effect. For sale by all dealers in patent medicine.

Pastor J. H. Pence preached his last sermon on this circuit at Rosslyn Sunday night. He and his wife left Tuesday morning for Franklin county where they will extend a visit until conference meets the first of September.

Chamberlain's Colic, Cholera and Diarrhoea Remedy has a world wide reputation for its cures. It never fails and is pleasant and safe to take. For sale by all dealers in patent medicine.

The Republicans of this county met in mass convention at Stanton on Saturday and instructed for W. M. Beckner, of Winchester, for Congress. Roscoe Hall was elected Chairman of the convention and Thomas Ogden, Jr. secretary.

William E. Heflin, one of the most successful and enterprising farmers in the western portion of the county, was in town Tuesday. He tells us he is preparing to build a new dwelling on his farm to make life a little more comfortable and convenient.

Charlie Holmes, who was indicted by the last grand jury at Stanton for robbing Bob Rabbit, colored, of a watch and some money, and who escaped from jail at that place, but was week before last arrested at Lexington, and brought back to the Stanton jail, made his escape again Monday night.

Pastor Turpin was in town yesterday. He tells us that Eld. J. W. Parsons, who was to assist him in his protracted meeting at Powell's Valley, failed to come, but that he is continuing the meeting himself with good results so far. There has been six accessions to the church already, and a great deal of manifested interest in the meeting.

J. C. Lewis, of New York City, was in town several days last week. While here he went over to the Old Furnace and Cottage Furnace investigating this property. He represented some large firm of New York which is on the lookout for property of this kind in view of purchasing and operating same.

The three-days conference of Mormons, or Latter-Day Saints, held near Owingsville, closed Sunday night with an open-air meeting, at which there was an immense crowd. The Mormons made some converts during their meeting and there were three baptisms. There are now about twelve Mormon converts in this county.—Sharpsburg World.

Robbed of \$5,000.

Thursday night John Hunter, who lives on the Four Mile Road, in a little cabin situated about two and a half miles from Richmond, was robbed of \$5,000 in gold, which he kept in a jar under his bed. The robbery was committed late in the afternoon while Hunter was working in his garden. This is but the fulfillment of the predictions of many who have for years warned him against keeping so much money in his house.

Fine Oil in Bath.

The Ragland oil fields are in an uproar over a discovery of green oil on the Ewing farm at Clear Creek Furnace. The well was brought in last Friday at a depth of 1,100 feet by the Mt. Sterling Oil & Gas Company, and is the

How About Your Heart

Feel your pulse a few minutes. Is it regular? Are you short of breath, after slight exertion as going up stairs, sweeping, walking, etc? In a Dangerous Condition.

R. H. Skidmore, of Bowen, was kicked by a mule about three weeks ago, breaking his leg above the knee. Local physicians attended him, and he was thought to be doing well when gangrene set in last week. He was taken to the Good Samaritan Hospital at Lexington where upon examination, it was decided to amputate the injured member. The amputation was successful and Mr. Skidmore is doing nicely.

Later—Mr. Skidmore died Tuesday and was taken to his home at Bowen on Wednesday for burial.

Henry L. Shattuck of Shellsbury, Iowa, was cured of stomach trouble with which he had been afflicted for years, by four boxes of Chamberlain's Stomach and Liver Tablets. He had previously tried many other remedies and a number of physicians without relief. For sale by all dealers in patent medicine.

Oil has been struck by Dr. Elmer Northcutt on the Clark farm in the second well at a depth of 200 feet. Thirty five feet of oil bearing sand was found. The well will be put down seven hundred or more feet. When the driller began operation Monday morning they bailed out eight gallons of oil from this well which had run in since they quit Saturday evening.

A Cure for Cholera Infantum.

"Last May," says Mrs. Curtis Baker, of Bookwalter, Ohio, "an infant child of our neighbor's was suffering from cholera infantum. The doctor had given up all hopes of recovery. I took a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy to the house, telling them I felt sure it would do good if used according to directions. In two day's time the child had fully recovered, and is now (nearly a year since) a vigorous healthy girl. I have recommended this Remedy frequently and have never known it to fail in any single instance." For sale by all dealers in patent medicine.

A YOUNG LADY'S LIFE SAVED.
At Panama, Columbia, by Chamberlain's Colic, Cholera and Diarrhoea Remedy.

Dr. Chas. H. Utter, a prominent physician, of Panama, Colombia, in a recent letter states: "Last March I had as patient a young lady sixteen years of age, who had a very bad attack of dysentery. Everything I prescribed for her proved ineffectual and she was growing worse every hour. Her parents were sure she would die. She had become so weak that she could not turn over in bed. What to do at this critical moment was a study for me, but I thought of Chamberlain's Colic, Cholera and Diarrhoea Remedy and as a last resort prescribed it. The most wonderful result was effected. Within eight hours she was feeling much better; inside of three days she was upon her feet and at the end of one week was entirely well."—For sale by all dealers in patent medicine.

The Successful Garden Party.
A garden party is a most attractive kind of entertainment; it may be an elaborate and a costly function, with a large collation and a band of music, or it may be a very simple and informal entertainment within the limits of the purse of the country hostess. Cards are issued a week or two in advance, but a few days' notice may be sufficient. The card may be a formal at home card or merely the visiting card of the hostess, with date, hour and the words "Garden Party" in the lower left-hand corner. The hours may be from three to six or from four to seven. The hostess receives out of doors wearing a pretty Summer dress and hat. The house is of course, thrown open, and the refreshments may be served out of doors, from a table under the trees or under a marquee; or the table may be in the house, but it adds considerably to the informality, pleasure and variety of the occasion if everything is arranged to take place outside. Outdoor sports such as tennis, archery, etc., are enjoyed by the young people at garden parties. Guests are expected to amuse themselves, to play games, wander about the grounds and partake of refreshments when they wish.—From The Delineator for September.

The Corn Crop A Bumper.
Estimates of the corn crop for 1902, based on the Government figures, place the amount at 2,580,000,000 bushels. If this crop be finally secured, following the crop of only 1,522,000,000 bushels last year, railroad earnings in the West the coming year are likely to show even larger increase than were shown in the last year.
The corn crop is usually nearly three times as large as the wheat

crop, and is, therefore, the most important crop in the country. A poor corn year is a severe blow to the grain carriers.

Here is a story of a traveling man who was passionately fond of honey and always went to a certain hotel where he was sure of getting it. On one trip he took his wife along, and, as he approached the town, he mentioned to her that he was going to a place where he could have honey. When the pair were sitting at the supper table no honey appeared and Mr. Travelingman said sharply to the head waiter. "Where is my honey?" The waiter smiled and said. "You mean the little black-haired one? O, she don't work here now."

Makes Them Leave.

Ex-Congressman John D. White, of the Eleventh, but now a resident of Louisville, while returning from a drive, found a squad of workmen in front of his beautiful residence preparing to erect four telephone poles. He entreated them, and begged them to desist, but they paid no attention to him whatever. He at last became anxious about the matter and his Clay county blood began to boil, so he procured a revolver and shot which frightened the crew away. When asked if he really shot at the squad, he said, "What's that?" "That is the greatest insult that could be offered to Clay county," he continued. "If I had shot at any one I would have hit him. I was raised where they have the pop of something besides champagne bottles."

The man who is willing to let others make his country great, while he stands by as unconcerned as a dead weight, never amounts to much.

I have had occasion to use your Black-Draught Stock and Poultry Medicine and am pleased to say that I never used anything for stock that gave half as good satisfaction. I heartily recommend it to all owners of stock.
J. B. BELSHER, St. Louis, Mo.
Sick stock or poultry should not eat cheap stock food any more than sick persons should expect to be cured by food. When your stock and poultry are sick give them medicine. Don't stuff them with worthless stock foods. Unload the bowels and stir up the torpid liver and the animal will be cured, if it be possible to cure it. Black-Draught Stock and Poultry Medicine unloads the bowels and stirs up the torpid liver. It cures every malady of stock if taken in time. Secure a 25-cent can of Black-Draught Stock and Poultry Medicine and it will pay for itself ten times over. Horses work better. Cows give more milk. Hogs gain flesh. And hens lay more eggs. It solves the problem of making as much blood, flesh and energy as possible out of the smallest amount of food consumed. Buy a can from your dealer.
